

# SIMPLE SETUP FOR ACCESS TO Citrix & DFDS

## Access DFDS Citrix via web browser

You can use a web browser to access the DFDS Citrix portal. Please note you will have to register for MFA (Multi Factor Authentication) before attempting the below steps. Information on how to register for MFA is found [here](#).

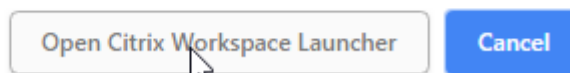

1. Start your web browser and enter address [port.dfds.com](http://port.dfds.com)
2. Login and approve via your configured MFA method
3. Some browsers such as Chrome and Firefox will require you to confirm that Citrix Receiver is already installed.
4. E.G for Chrome
  - a. Click on Detect Receiver

- b. Click to Always open Citrix Workspace App Launcher

Open Citrix Workspace Launcher?

Always open these types of links in the associated app

5. You can now click on the app to launch.
6. If it does not launch but rather downloads a file, click on the file to run it after it is launched.
7. It should open with the Citrix Workspace App.
